

## *Who are we?*

Tees Care came into operation in August 2013. We started off by providing Nurses, Health Care Assistants and Support Workers to services in Middlesbrough, we have expanded and are now servicing Billingham, Hartlepool, Stockton, Redcar, Northallerton, Peterlee and Jarrow. As a proof of our uniqueness and quality of service we provide, we can proudly attest to the fact that our clients can't help but refer us to other services.

There is continuous liaising with clients to ensure smooth working relationship. Our staff are called back to work in homes because of the good training and people centred care we have instilled in them. We always seek feedback from our clients in facilitating this relationship and in the provision of a sustained and quality care to members of our community who are less able to look after themselves.

## *Where are we based?*

Forbes Building  
311-321 Linthorpe  
Road Middlesbrough  
TS1 4AW.

## *Job Fair*

Tees Care were part of the Job Fair at the Middlesbrough Job Centre of last year. This was a great opportunity of bringing the company out to the community especially to those seeking employment. Apart from having a great deal of interest, there has been a lot of referrals from those from the job centre to the office since the event.

## *NVQ Training*

Tees Care is always working hard in promoting quality care. Within a year of trading, it has started to offer NVQ to its HCAs.

This is in addition to mandatory training. We also have the opportunity of sending our workers to shadow experienced HCAs in the surrounding facilities. This shows the close relationship we have with our clients.

## *Community spirit*

As part of the community, Tees Care would like to support social activities in the area. Any individual or Organization is welcome to let us know how we can support them at any time.

We were proud to have been a little part of the summer Fayre for some of our clients.

## *What we offer*

As a community oriented establishment, we do have places for Volunteers and students seeking Work Experience. For More details, Contact us on 01642 246 941 or email us at, [services@teescare](mailto:services@teescare)

## *Recruitment*

Tees Care has continuous Recruitment as a top priority. RGN, RMN and RNLD, Health Care Assistants, Senior Health Care Assistants and Support Workers are always welcome to register by emailing us at, [jobs@teescare.co.uk](mailto:jobs@teescare.co.uk)
